About Alicia

Alicia is just your ordinary mom striving to carry out an "extra" ordinary purpose that has become near and dear to her heart. After the unexpected and sudden loss of her own momma, she saw the need to live out her legacy with her own daughters. Now Alicia hopes to offer more daughters (including you) a way to live boldly for Christ.

A virtuous woman who could find? For her price is far above rubies. The heart of her husband trusts her and she works diligently to provide for her family. She has an inner strength and stays humble. She serves others and is faithful to the Lord.

The notorious Proverbs 31 woman. Yes! A woman can live this out and leave behind a legacy that her children will long to follow. Alicia will show you how to walk with truth and grace while making room for a little space and rest.

Writing has always been Alicia's passion, but now it has become a source of healing. Alicia prays that the heartfelt words you find in her articles, devotions, or at your next special event resonates with you and that you gain a bit of hope and peace. More importantly, her heart longs to connect with yours as the stories she shares convey a message (His message) drawing you closer to the Lord.

Besides pouring out her heart, she spends most of her time playing house with a little family of five - doing her best to raise three daughters without her biggest cheerleader - a.k.a. mom.

Alicia considers it an honor to work with you and your ministry to grow in faith and seek Jesus on this journey... together!

Devotionals and Books

Alicia has published two devotionals and a children's book on grief.

Mimi's Note

is a touching story that gives readers of all ages a glimpse into childhood grief. This may this be a helpful resource for teachers and parents that are providing gentle guidance and support to a child navigating the loss of a loved one.

Chasing after Jesus

is a teen devotional that offers young ladies growing in their faith a way to discover what it really means to be a priceless treasure.

Jesus wants us to have a relationship with Him, and to live a life that glorifies Him. In other words, He wants us to live our best life. We must simply be willing to open our heart and be ready to listen.

Wounded

is a devotional for a mom on the mend. It's okay to be wounded, not enough, not okay, and to even feel a little like chewed bubble gumused, stale and flavorless (hence the cover of the book). It's in those moments God intervenes, softly speaking to our hearts. He knows that there is so much more than the season we find ourselves in. Yet, the beauty is, seasons change, hence changing us.
